## WORK EXPERIENCE

---

### SDR Coaching & Books

Oct 2025 – May 2026

#### *SEO Specialist*

- Optimized on-page elements including content structure, fundamentals, metadata, and site structure.
- Conducted keyword research and implemented off-page optimization strategies.
- Applied Technical SEO best practices to improve overall site performance.
- Executed AI Visibility strategies (AEO / GEO) to enhance brand presence in AI-powered search engines.
- Served clients in the Author Interviews & Dealership SDR Coaching niche.

### Roofing Company

July 2025 – August 2025

#### *Automation Specialist (Project-Based)*

- Built a custom planner integrated into the client's website.
- Automated data capture via webhook using n8n -pulling data from external websites into their tools.
- Created opportunities automatically upon receiving incoming data.
- Configured real-time Slack notifications to alert the team on new orders.
- Set up automated Excel data saving to log and track all new order records.
- Developed a custom dashboard for centralized data visibility.

### HVAC Company

Dec 2024 – June 2025

#### *GHL Specialist (Project-Based)*

- Built full end-to-end GHL systems including pipelines and automated workflows tailored to client processes.
- Configured webhooks to connect GHL with third-party tools for seamless data flow.
- Designed and developed custom HTML email templates within GHL.
- Integrated client forms to capture and route incoming data.
- Used n8n to automate data transfer from external sources into GHL.
- Completed A2P 10DLC registration for compliant SMS messaging.
- Set up and managed email warm-up to improve deliverability.
- Registered and connected third-party domains to GHL via cPanel.

### Fencing Company

Feb 2024 – Aug 2024

#### *Trade Support*

- Provided exceptional customer support through live chat by assisting clients with placing orders, processing refunds, and following up with suppliers on order status.
- Responsible for creating cart lists in WordPress and generating accurate sales invoices to ensure a smooth and positive customer experience.

### Automobile Company

July 2024 – Oct 2024

#### *On-Page / Off-Page / Technical SEO*

- Provided support with both on-page and off-page SEO for their WordPress website, including optimizing metadata, adding geo-tags to images, and improving overall site optimization.
- Enhanced page performance and boosted search engine visibility, delivering a faster and more efficient user experience.
